Safe Child Parenting Time Program Sliding Fee Schedule

There is a nominal fee charged for services provided through the Safe Child Parenting Time Program. Fees include a one-time \$50 fee for intake orientation for each parent (prior to visitation beginning) and a fee per hour of service for each scheduled visitation. The fee assessed is based upon the visiting parent's annual gross income.

The following is a Fee Schedule for the Safe Child Parenting Time Program. The fee is based upon the annual gross income of the parent responsible for payment of services. The income amount used to calculate the fee is taken from the Child Support Income Worksheet submitted to the court. If not available, you will need to provide your two most recent pay stubs and last two years' W-2s.

<u>Gross Income (per year)</u>	<u>Visitation Fee</u>
Up to \$25,500	\$25 per hour
\$25,501 to \$30,500	\$30 per hour
\$30,501 to \$35,500	\$35 per hour
\$35,501 to \$40,500	\$40 per hour
\$40,501 to \$45,500	\$45 per hour
\$45,501 and above	\$50 per hour

The assessed fee is non-negotiable and is determined by Kids' Voice. The fee determination may be re-evaluated based upon changes in economic circumstances, which have been filed with the referring court or made notice to Kids' Voice staff.

Sometimes parents who have utilized services at Kids' Voice have a need to return. Parents who return for services within 3 to 6 months after their last visit will need to go through the intake process again. The cost for the returning intake will be \$25 per parent. Parents returning 6 months after their last visit will be charged the normal intake fee of \$50 each.

Kids' Voice reserves the right to cancel the visit based upon non-payment of the fee. We accept cash or money orders only. No checks or credit cards shall be accepted. Please make money orders and checks payable to Kids' Voice.
